Germany

Molecular Biology Research in Duesseldorf, Germany

Semester(s) Available:
Summer 2016
Dates abroad: 05/15/2016 - 07/31/2016
Minimum Credits:
Eight (8) for Summer 2016
Program Application Deadline(s):
11/01/2015 for Summer 2016

For important scholarship deadlines, visit
http://studyabroad.msu.edu/financing/scholarships/

Courses:
Multiple course options available; please check the Web for a full list of subject areas.

Requirements:
Minimum GPA 2.50
Other - Two letters of recommendation submitted to program leader
Other - One page summary of lab experience - submitted to program leader
GRM 101 or equivalent

Cost:
Program Fee: $1,950.00
Estimated Additional Cost: $3,755.00 (Summer 2016)
Tuition is not included for most programs. See program’s webpage for details.

Program Contact(s):
Susanne Hoffmann-Benning
Department of Biochemistry and Molecular Biology
Phone: 517-355-9644
E-mail: hoffma16@msu.edu

Barbara Sears
Department of Plant Biology (CNS)
Phone: 517-355-0132
E-mail: sears@msu.edu

The molecular biology study abroad program will provide MSU science students with a number of options for an 11-week mentored summer research experience at the Heinrich-Heine Universität Düsseldorf (HHUD).

The research experience will be complemented by a 2-credit advanced biology seminar course in Systems and Synthetic Biology, and immersion in the German culture, through the social contacts that will occur within the host laboratories and weekly participation in a German culture and language course on site at the HHUD.

Many opportunities for travel and exploration will be available on the weekends and after the completion of the eleven weeks of supervised research.

Düsseldorf is located in Germany’s Rhine River Valley. It is a culturally sophisticated city with a population of about 600,000 inhabitants. Düsseldorf is served by an international airport, and is only a short distance from Holland and France.

More details about this program can be found at...
