Two Faculty Positions in Cryo-Electron Microscopy, Michigan State University
The Department of Biochemistry and Molecular Biology at Michigan State University seeks outstanding applicants for two tenure-track positions at the Assistant/Associate level with expertise in cryo-electron microscopy (Cryo-EM) and the ability to develop a vigorous, externally funded research program that will complement existing strengths in the areas of structural, membrane protein, computational, microbial, and plant biochemistry.

Computational Biologist Position(s), Erich Grotewold's Group
We are seeking highly motivated and curious individual(s) to join the computational component of our team. The successful candidate will be expected to take a leadership role in extracting important biological information from high-throughput sequencing data derived from chromatin immunoprecipitation (ChIP-Seq), DNA affinity purification sequencing (DAP-Seq) or genome-wide RNA sequencing (RNA-Seq) experiments.

Collegiate Assistant Professor of Biochemistry, Virginia Tech
Virginia Tech seeks to fill a non tenure-track, academic year appointment, Collegiate Assistant Professor Position in the area of Biochemistry.

Assistant Professor of Biology at Ball State University
This tenure-track faculty position in Biology is able to teach Human Physiology at both the graduate and undergraduate level. Other teaching assignments may include Anatomy or Introductory Biology courses. The candidate will advance the research opportunities of undergraduate and graduate students in physiology while complementing and collaborating with current faculty. Application deadline is 12/30/2017.

Multiple Faculty Positions Available at the University of South Florida
The Department of Cell Biology, Microbiology, and Molecular Biology is seeking applications for multiple tenure-track/tenure-eligible faculty positions at any rank within the three major areas of research strength for the department: bacterial pathogenesis, genome integrity & mechanisms of aging, and structural & computational biology. The review of applications will begin on December 1st, and will continue until the positions are filled.

Assistant/Associate Professor of Plant-Microbe Biology, Cornell University
The School of Integrative Plant Science at Cornell University invites applications for a tenure track position at the Assistant or Associate Professor level in Plant-Microbe Biology. Initial screening of applications will begin on January 5, 2018 and continue until the position is filled.
