Seminar Calendar

**TUESDAY, JANUARY 9**

**MMG Seminar**
Thomas Kehl-Fie, University of Illinois  
"You are what you don't eat: Bacterial strategies for overcoming nutritional immunity"  
11:00 AM, Room 101 Biochemistry

**WEDNESDAY, JANUARY 10**

**3M Seminar**
Joshua Lensmire, Hammer Lab  
"Examining Utilization of Host Derived Glutathione as a Sulfur Source by Staphylococcus Aureus"  
4:00 PM, Room 1455-A BPS (iCER)

**THURSDAY, JANUARY 11**

**BMB Faculty Candidate Seminar**
Alexander Artyukhin, Boyce Thompson Institute  
“Biosynthesis of Chemical Signals, From Worms to Mammals”  
11:00 AM, Room 101 Biochemistry

Announcements

*Checkout the [Grad/Postdoc News](http://www.bmb.msu.edu) page on the BMB website for the latest events and opportunities.*

**Invitation to the 9th Annual Midwest Graduate Research Symposium at The University of Toledo**
The University of Toledo Graduate Student Association (GSA) cordially invites students from Michigan State University to the 9th Annual Midwest Graduate Research Symposium (MGRS). Each year we are excited to provide this opportunity to talented graduate students across the country and are looking forward to April 7th, 2018. Free Registration deadline is March 10.

**Aitch Foundation Graduate Fellowship Opportunity in Cancer Research**
The Aitch Foundation (www.aitchfoundation.com) and Michigan State University’s Office of the Vice President for Research and Graduate Studies invite applications for graduate assistantships in cancer research. This year we are happy to announce there will be a total of four awards. Application deadline is January 19.
L’Oréal USA For Women in Science Fellowship Program
The L’Oréal USA For Women in Science fellowship program has awarded 70 postdoctoral women scientists more than $3.5 million in grants since 2003. Applications are being accepted through February 2, 2018.

Job Postings

See the BMB website for a full listing of employment opportunities.

Two Faculty Positions in Cryo-Electron Microscopy, Michigan State University
The Department of Biochemistry and Molecular Biology at Michigan State University seeks outstanding applicants for two tenure-track positions at the Assistant/Associate level with expertise in cryo-electron microscopy (Cryo-EM) and the ability to develop a vigorous, externally funded research program that will complement existing strengths in the areas of structural, membrane protein, computational, microbial, and plant biochemistry.

Computational Biologist Position(s), Erich Grotewold's Group
We are seeking highly motivated and curious individual(s) to join the computational component of our team. The successful candidate will be expected to take a leadership role in extracting important biological information from high-throughput sequencing data derived from chromatin immunoprecipitation (ChIP-Seq), DNA affinity purification sequencing (DAP-Seq) or genome-wide RNA sequencing (RNA-Seq) experiments.

Postdoctoral Position in the Leslie Lab at Emory University
The Leslie lab in the Department of Human Genetics at Emory University School of Medicine, in Atlanta, Georgia, is looking for a postdoctoral fellow to join our team. Our lab is focused on understanding the etiology of craniofacial anomalies.

Postdoctoral Position in Epigenetics and siRNA Function, Wayne State University
Postdoctoral positions to explore X chromosome recognition during Drosophila dosage compensation are available at Wayne State University in Detroit, MI.

Recent Publications

For most publications from BMB labs during the past year, see Recent Publications on the BMB website.
