

Seminar Calendar

MONDAY, JANUARY 28

[Molecular Plant Science Seminar](#)

Hong Qiao, University of Texas-Austin

"Chromatin & transcription regulation in ethylene response"

4:10 PM, Room 101 Biochemistry

[Cryo-EM Candidate Seminar](#)

David Bulkley, UC San Francisco

"From noise to signal: using cryo-EM to understand how mem-brane proteins Patched and NOMPC function"

9:30 AM, Room 1425 BPS

TUESDAY, JANUARY 29

[The Exchange](#)

Responsible Conduct of Research - whistleblowers, leadership, and fraudsters

8:00 AM, Room 1400 BPS (not 208 this week)

[MMG Seminar](#)

Stephen Mondo, Joint Genomes Institute

"Genomics, epigenomics and endosymbiosis: unique features separating early diverging fungi from Dikarya"

4:10 PM, Room 1415 BPS

WEDNESDAY, JANUARY 30

[\(3M\) Interest Group](#)

Sandy Olenic, Kroos Lab

"Inhibition of an Intramembrane Metalloprotease"

4:00 PM, Room 1455-A BPS (iCER)

THURSDAY, JANUARY 31

[BMB Colloquium](#)

David Kramer, Plant Research Laboratory, MSU

"In Search of Rapid and Robust Regulators of Photosynthesis in the Wild and in the Lab"

11:00 AM, Room 101 Biochemistry

[EEBB Seminar](#)

Judith Becerra, University of Arizona

"2-Alkenals: from heteropteran microbial symbiosis to Alzheimer's disease"

3:30 PM, Room 1420 BPS

FRIDAY, FEBRUARY 1

[Science at the Edge](#)

Sorin Draghici, Wayne State University

"Discovering Disease Subtypes through the Integration of Multiple Types of Omics Data"

11:30 AM, Room 1400 BPS

Announcements

Checkout the [Grad/Postdoc News](#) page on the BMB website for the latest events and opportunities.

[Grad Student Support Groups](#)

A graduate student support group is meeting each Friday from 9-10 AM at Olin Health Center. Sessions are led by group leaders, and topics revolve around the challenges faced by graduate students.

[Annual Series of "Thriving at Michigan State University" Workshops](#)

This year, the Academic Advancement Network in collaboration with Academic Human Resources will host their annual series of "Thriving at Michigan State University" workshops to provide faculty and academic specialists with important information and strategies on how to be successful in their careers at our institution. Content will be tailored for each appointment type's specific needs. Workshops will be held in January and February of 2019.

[Phytochemical Society of North America 58th Annual Meeting](#)

Symposiums include natural product metabolism and enzymology, chemical ecology, and natural products in agriculture and medicine. July 20-24, 2019, Johnson City, Tennessee.
