

Below is a list of BMB department equipment. Shared equipment will be accessible 24 hours a day to authorized users. For access, please see the contact name listed. Users must sign in to the paper or electronic notebook. All maintenance will be paid for by the department. Users must supply individual consumable items or accessories and are responsible for proper disposal of any waste.

Room	Equipment	PI contact
2	-80 ultralow freezer	Billy Yang
224	Nanodrop spectrophotometer	LaPres
224	Molecular Devices plate reader	LaPres
223	Fluorescence spectrophotometer	Hoffmann-Benning
215	Rotary evaporator	Jones
310	RC6B centrifuge	Ferguson-Miller
310	Ultracentrifuge, Beckman Optima L-90K	Ferguson-Miller
316	Autoclaves	see labels
322	Scintillation counter	J. Kaguni
301	Nanodrop spectrophotometer	Last
401	Branson digital sonifier	Kuo
401	Nanodrop spectrophotometer	Kuo
407	Developer	see label
410	Roche Lightcycler 96 system and robot	see label
410	Ultracentrifuge	Kroos
417	X-ray source	Martinez-Hackert
418	Autoclaves	see labels
422	Bio-Rad ChemiDoc gel and western doc	Kroos
418	G10 platform shaker	Kroos
418	G2 platform shaker	Kroos
501	Phosphorimager	Hu
518	Autoclave	see label
