Ruth L. Kirschstein National Research Service Award (NRSA) Stipends, Tuition/Fees and Other Budgetary Levels Effective for Fiscal Year 2010

Notice Number: NOT-OD-10-047

Key Dates

Release Date: January 13, 2010

Issued by

National Institutes of Health (NIH), (<http://www.nih.gov/>)

Agency for Healthcare Research and Quality (AHRQ), (<http://www.ahrq.gov/>)

Health Resources Services Administration (HRSA), (<http://www.hrsa.gov/>)

This Notice supersedes [NOT-OD-09-075](#), [NOT-OD-06-093](#), and [NOT-OD-09-066](#), and establishes new stipend levels for fiscal year (FY) 2010 Kirschstein-NRSA awards for undergraduate, predoctoral and postdoctoral trainees and fellows, as shown in the table below. The Tuition and Fees, Training Related Expenses for trainees and the Institutional Allowance for individual fellows remain unchanged, and are also provided below.

The budgetary categories described in this Notice are effective only for Kirschstein-NRSA awards made with FY 2010 funds. All FY 2010 awards issued using FY 2009 stipend levels will be revised to increase the stipend category to the FY 2010 level. Retroactive adjustments or supplementation of stipends or other budgetary categories with Kirschstein-NRSA funds for an award made prior to October 1, 2009 are not permitted.

Stipends

Effective with all Kirschstein-NRSA awards made on or after October 1, 2009, the following annual stipend levels apply to all individuals receiving support through institutional research training grants or individual fellowships, including the Minority Access to Research Career (MARC) and Career Opportunities in Research (COR) programs.

		Stipend for FY 2010
Career Level		
Undergraduates in the MARC and COR Programs:		
Freshmen/Sophomores		\$7,980
Juniors/Seniors		\$11,172
Predoctoral		\$21,180
Postdoctoral		
Years of Experience:		
	0	\$37,740
	1	\$39,756
	2	\$42,624
	3	\$44,304
	4	\$45,960
	5	\$47,940
	6	\$49,836
	7 or more	\$52,068

These stipend levels are to be used in the preparation of future competing and non-competing NRSA institutional training grant and individual fellowship applications. They will be administratively applied to all applications currently in the review process.

NRSA support is limited to 5 years for predoctoral trainees, and 3 years for postdoctoral fellows. The NIH provides eight levels of postdoctoral stipends to accommodate individuals who complete other forms of health-related training prior to accepting a Kirschstein-NRSA supported position. (The presence of eight discrete levels of experience, however, does not constitute an

endorsement of extended periods of postdoctoral research training.)

It should be noted that the maximum amount that NIH will award to support the compensation package for a graduate student research assistant remains at the zero level postdoctoral stipend, as described in [NOT-OD-02-017](#).

Tuition and Fees, Training Related Expenses, and Institutional Allowances for Kirschstein-NRSA Recipients

For new and competing renewal institutional and individual NRSA awards made in FY 2007 or later, and for non-competing awards in FY 2007 for programs that received competing awards in FY 2006, the NIH will provide funds for tuition, fees, health insurance, and training related expenses, as detailed below.

A. Tuition and Fees

- **Predocctoral Trainees and Fellows:** For institutional training grants (**T32, T34, T35, T90, TL1**) and individual fellowships (**F30, F31**), an amount per predoctoral trainee equal to 60% of the level requested by the applicant institution, up to \$16,000 per year, will be provided. If the trainee or fellow is enrolled in a program that supports formally combined dual-degree training (e.g., M.D.-Ph.D, D.D.S.-Ph.D.), the amount provided per trainee or fellow will be 60% of the level requested up to \$21,000 per year.
- **Postdoctoral Trainees and Fellows:** For institutional training grants (**T32, T35, T90, TL1**) and individual fellowships (**F32, F33**), an amount per postdoctoral trainee or fellow equal to 60% of the level requested by the applicant institution, up to \$4,500 per year, will be provided. If the trainee or fellow is enrolled in a program that supports postdoctoral individuals in formal degree-granting training, an amount per postdoctoral trainee or fellow equal to 60% of the level requested by the applicant institution, up to \$16,000 per year, will be provided.

B. Training Related Expenses on Institutional Training Grants

- For institutional training grants (**T32, T34, T35, T90, TL1**), these expenses (including health insurance costs) for predoctoral and postdoctoral trainees will be paid at the amounts shown below for all competing awards made with FY 2010 funds. These amounts also apply to non-competing awards issued in FY 2010 for programs that received competing awards in FY 2006 or beyond:
