SCIENCE DEBATE
BETTER DEMOCRACY THROUGH SCIENCE

TOPIC: FOOD

WHERE & WHEN
MONDAY, MAY 14TH
5:30-7:30 PM    BPS 2245
FOOD PROVIDED

WHAT
Discussion, led by Dr. Doug Buhler, about managing American agriculture to provide healthy and affordable food in a just and sustainable way. Training and phone banking for the Science Debate Questionnaire

WHY
Science topics influence and impact public policy. As scientists, it is important to stay informed and encourage politicians to do the same.
